## COMMUNITY CONNECTION

### The Unconventional Path in HR

As HR professionals, we often want to be a part of the discussion of a strategic decision before it is finalized rather than having to react to change. And while every company

is different, it's good to hear how others found themselves lending advice on strategy to the C-Suite. With more than 20+ years of experience, Whitney Shelley lit up the July DallasHR Education Event in Collin County with a humorous and thought-provoking path to the top. [View pictures from the event.](#)

### Sharpen Your Search

The annual collaborative event, Sharpen Your Search is planned by two volunteer committees, Career Support and Talent Management and is one of the most popular and well attended events of the

year. This event focuses on sharpening the job search skills of HR professionals. For some attendees, they haven't been on the other side of the interview table in many years, so a quick refresher is helpful. If your currently in transition and missed

Sharpen Your Search, be sure to [RSVP for the next Job-Link meeting](#) for insight into job search skills.

### Workforce Readiness Preps Marine Corp Spouses

Last week thirteen volunteers shared career advice and professional attire tips with 35 spouses of Marine Corp Recruiters coordinated by Attitudes & Attire in downtown Dallas.

*"They sacrifice so much*

*so that their husbands can serve our country and grow the number of Marines, their stories are amazing! Every time their spouse is transferred they have to change jobs which is approximately every three years"* remarked Sarah Hildebrand who organized the event. For future volunteer activities like this visit the [HRConnect Community Outreach Volunteer Opportunities](#) community.
