The [HRConnect Job-Link Community](#) is a member only group of individuals actively or passively pursuing new positions in HR. Members who are hiring an HR related position are encouraged to share a job description with details on how to apply within this forum. Become a Mentor to Inspire Our Future

The DallasHR Mentor Match Program is in need of mentors who are willing to give a little guidance to those seeking it. Now more than ever the industry is in dire need of senior HR professionals who can casually connect with students or those new to the profession or the chapter. Education Events & Networking on Engaging Event Platform for 2021

The Chapter unveiled our new event platform at the January Education Event this week giving new energy to online learning and networking. The platform allows attendees at Education Events to “sit” with who they want at the table in the room to engage in casual conversation between sessions. Networking Event guests enter to see tables with friends or stand at the bar to rub shoulders with someone you don’t know. Join us as we bring back some of the connections we have all been longing for. [Register for your first 2021 event today.](#)
